

**FASSMER**

## **Fassmer Lifeboats according to SOLAS-LSA-Code 4.6, 4.7, 4.8**

For Cargo Ships and Tankers

### **Totally Enclosed Lifeboat GMR/TGMR**

This unsinkable lifeboat for cargo vessels, tankers and work vessels is also used as a combination lifeboat-rescue boat. Fiberglass-reinforced polyester resin (FRP) permits exceptional stability and a long service life. The boat features compact, lightweight design and is powered by a diesel engine with a sealed cooling system. It is approved in compliance with LSA Code 4.6 (4.8, 4.9 for tankers).
