

DEVELOPER

DSV 74

## 74 m Diving Support Vessel

When it comes to underwater repair, inspection and construction works, the DEVELOPER is a vessel conceived as a multifunctional flexible solution. It provides space and deadweight capabilities to accommodate diving support systems, grouting equipment, ROVs and UAVs as well as other related systems, on deck as well as below deck. The DEVELOPER has a large offshore crane with active heave compensation and is capable of station keeping by means of its Dynamic Positioning System (DP2) and optional 4-point anchoring. The vessels flexibility and cargo capabilities allow for other offshore logistics services, all of them within Fassmer philosophy of energy efficiency and environmental soundness.

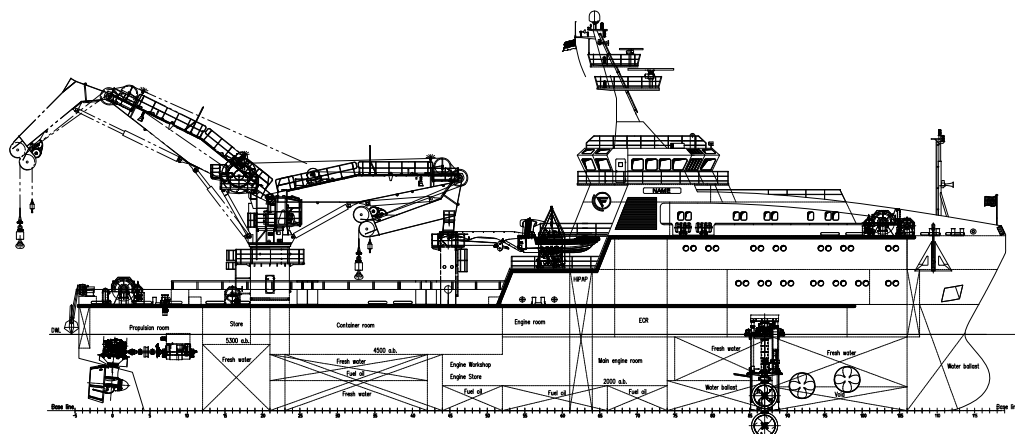

### Main Dimensions

Length over all	74,20 m
Beam moulded	15,60 m
Draught	6,10 m
Displacement	4460 t
Classification	Germanischer Lloyd + 100 A5 SPS BWM(D2) + MC AUT EP FF1 DP2

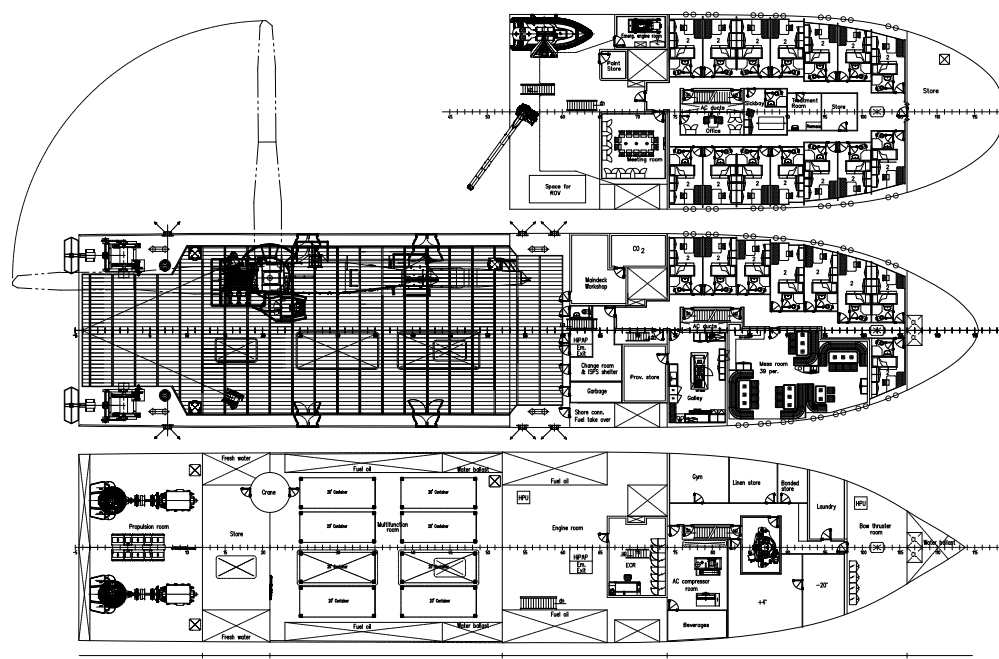

# DSV 74 DEVELOPER

Tweeneck  
Enginedeck

LOWER FORECASTLE

MAINDECK

TWEENDECK

### Capacities

Fuel	1090 m <sup>3</sup>
Fresh Water	928 m <sup>3</sup>
Crew	59 persons

### Performance

Speed	12,5 knots
-------	------------

### Propulsion

Main Engines	Mitsubishi 4x 1536 bkW
Propeller	2x rudder propeller
Bow Thruster	2x Ø 1990 mm, 1x retractable Ø 1650 mm
