

65m Explorer Yacht

Proven design meets Explorer Yacht. Based on our 65-metre survey vessel design, this Explorer Yacht offers a wide range of benefits. It features outstanding sea-going, stability and manoeuvring characteristics and is fully SOLAS certified. Due to the diesel-electric propulsion system combined with extensive noise and vibration reduction technology the Fassmer Explorer Yacht is one of the quietest survey vessels currently available.

Yacht Equipment

Fassmer Yacht Equipment combines high functionality, comfort and safety with a touch of luxury. We can offer you all types of boarding options: accommodation ladders, bridge gangways and stern passerelles. In addition, we provide shell doors, telescopic masts

and crane beams. A special highlight: our elegant, state-of-the-art Yacht Tender that serves as a life-boat, rescue boat and tender all in one. Fassmer Yacht Equipment is available in powder-coated aluminium, stainless steel or GRP/CFK for long-lasting beauty.
